3. Reports:

a) Vice President, Academic Affairs – Sheri Berger

- MAP Update – Last week, Norco College and technology partner met with MAP team to show them how to create articulations and how to get started.
- VP Berger shared screen and showed how we can use the MAP platform
- Corina and Melain will reach out to faculty to establish articulations. Will start with ATEC, HVAC, MTT, WELD, AJ, BUS
- American Counsel of Education or Norco College will present on April 7th Academic Senate meeting to discuss what the process is, how rigorous it is, and how faculty are involved in this process.
- Todd Kler: How can we access this? Will it be a tile?
 - VP Berger: Currently no tile; It’s on list to talk with ITS. For now, it will be a link to access platform. Faculty will be provided link when Corina and Melain meet with individual faculty. Currently trying to figure everything out. Focus right now is to have conversations faculty to faculty on what it means for Compton College course based on ACE recommendation. ACE recommendations can be based on an actual course that the student took or their position/rank in their branch of military and their responsibilities/work in that rank.

- Todd Kler: Who determines the articulation/alignment of courses at Compton College?
 - VP Berger: Recommendations for articulation from ACE are made by faculty nationwide. Faculty in the discipline make the recommendations for service/courses in their discipline. Compton College faculty will decide how the ACE recommendations will be articulated with Compton College courses (faculty will only decide within their own discipline). This is all about Prior for Credit Learning, how do we recognize what people know and how does that equate to our classes.
- Sean Moore: How would this look like for the student? Is it going to be an application that students will have to fill out?
 - VP Berger: That is the current process. By doing this project, we set up these articulations so that the students don't have to apply/request the articulation. The student would still be able to request/petition for articulation if it was not made in MAP.

b) Curriculum Analyst – Maya Medina

- Reminder that we have 3 meetings left. Committee members, please inform colleagues in division meetings that if anyone has curriculum in draft or pending changes in CurricuNet to please follow up to try to get those proposals launched and we can try to approve before end of semester.

5. Action Items:

- **Todd Kler motioned to open discussion on Action Items 5a-5b. Corina Diaz seconded.**
- b) First Read—New Course—Distance Education Fully Online: ENGL 229 - LGBTQ+ Literature
 - Susan: This is the only class that focuses on LGBTQ+ identities. Hopefully this can be one

of the classes in a LGBTQ+ studies program. Other literature classes with specific focus like Latinx literature had good attendance and English department is currently in the process of inactivating literature courses that haven't been offered or had low enrollment. There are only 2-3 other colleges in CA that offer an AA in LGBTQ+ studies. It would also fit into our DEI requirement, it fits into the elective literature classes that we already have, and it's a space to discuss different identities.

- Corina: What is the process to get this done? (Create a new course)
 - Initially had a discussion with Sean. Then met with Chair to discuss the viability of a course like this. Voted in Division on adding it. Met with Melain to discuss CORs for similar courses. Met with department and division for feedback and final approval

c) First Read – New Programs: ESL for Childhood Education – Certificate of Completion; AA-T Economics; and AS-T Business and Administration 2.0

- Brittany: Non-credit ESL for Childhood Education Certificate of Completion focuses on context specific vocabulary that looks at developmental stages of childhood. Courses have already been offered (ESL 5A+5B), but now students would be able to earn a certificate for completing both courses.
- AA-T Economics – New program that we are bringing in.
- AS-T Business Administration 2.0 – Template for state has changed. There are such significant changes that they gave it a number in the title (2.0). CSU starting next year will not accept current AST Business Administration for new incoming students as of Fall 2022. Compton College needs to adopt the new ADT. In the next year, we will start inactivating the current AST Business Administration. Students with catalog rights would still be able to get their degree with the current template.

- **Todd Kler motioned to close discussion. Michael VanOverbeck seconded.**
