3. Reports:

a) Vice President, Academic Affairs

- Sheri Berger reported that Maya Medina will have details on documentation requested by the chancellor's office relating to our C-ID. status. We are nearly finished fulfilling the request. These are programs that were already approved, but have been in limbo since the transition from the ECC partnership. Sheri noted that Maya has done an outstanding job on this.

b) Curriculum Analyst

- Maya Medina reiterated Sheri's report, noting that we are submitting the ADTs to the Chancellor's Office, and she will keep the committee updated on the response. History, kinesiology, and business are currently outstanding.

c) DEFC

- Susan Johnson reported that approximately 12 courses will be reviewed for DE addendums. Training is also available for the Canvas Accessibility Course as well as ongoing in our open labs.

d) SLOC

- Amber Gillis is our new SLO Coordinator and noted that we have a great deal of work ahead of us. The team met for the first time yesterday, and there are 60 pending approvals. She looks forward to working with the committee.

4. Consent Agenda Items:

Rashid Yahye made a motion to approve the consent items. Todd Kler seconded. Approved.

5. Action Items:

BP and AR4025 have created new requirements for GE Area Seven— Culture, Diversity, and Equity. Kendahl Radcliffe, Minodora Moldoveanu, and Valerie Woodward have been working on development of this program,

We currently have six courses, with a plan to add a seventh. Kendahl Radcliffe reminded the committee that additional courses can be added as needed and the divisions will be consulted. Minodora Moldoveanu noted that in course review, our goal is to address culture and diversity in all subject areas.

Sheri Berger added that we are now working on how to present this in the College Catalog in such a way as to not add units to the GE requirement and to ensure it is clearly noted for students.

There was extensive discussion on courses that might be included, including computer technology, child development, and LGBTQ studies. Melain McIntosh cautioned that we have to follow the GE pattern and avoid adding extra units. We want to make sure any additional courses can be double counted.

Todd Kler made a motion to close discussion. Susan Johnson seconded. Approved.

- First Read: AR 4025 and BP 4025 – Philosophy and Criteria for Associate Degree and General Education*

AR 4025, item 7 (GE area 7) - Culture, Diversity, and Equity Requirement: A minimum of 3 units. A course used to satisfy the culture, diversity, and equity requirement may be double counted as meeting any applicable general education requirement.

Effective fall 2021, the culture, diversity, and equity requirement is met by taking a course listed in the catalog and approved by the Curriculum Committee. These relevant courses provide for an understanding and sensitivity to an array of cultures and identities as well as historical and lived experiences.

Courses below are identified as meeting the new Associate Degree requirement, GE area 7 - Culture, Diversity, and Equity. As a result, require CCC approval to be illustrated in the Compton College 2021-2022 Catalog. Due to the language in AR 4025, "A course used to satisfy the culture, diversity, and equity requirement may be double counted as meeting any applicable general education requirement", the corresponding areas, if applicable, have been listed next to the course name. Providing a special notation in the course catalog supports students in recognizing, in addition to GE Area 7, which other GE areas the course may satisfy. As a result of this notation, students' academic planning and goals are supported.

Statement: If the non-honors courses, listed below, have a corresponding honors course, by default, the honors course shall be included.

6. Discussion Items:

- a) Shannon Williams addressed the committee to announce the creation of an Esports class (PE 188) as described in the Esports Course Proposal and Esports Syllabus included with the agenda. Shannon visited to answer any questions the committee has about the curriculum.

Esports is an online program where student athletes compete against each other online throughout the country. Irvine and Pasadena are the only community colleges participating, but a number of California universities and high schools are involved, including high schools within a ten-mile radius of Compton, which creates recruitment opportunities for the college. There was extensive discussion about the classification and definition of physical education as well as the extensive computer resources that will be required for such a program.

- b) Sean Moore reported that the California Community College Chancellor's Office: Diversity, Equity, and Inclusion Survey (DEI) is due March 22, 2021. The CCC chair has been assigned question number 5, "Has your college and/or local senate focused discussions on addressing anti-racism, equity-focused and culturally relevant curriculum re-design?" Sean requested recommendations regarding the DEI Survey. Sheri Berger added that we already have looked at this list of questions for the DEI requirement and suggested that we include this material in our response. Sean encouraged the committee to reach out to him with any ideas.

7. Information Items:

- a) Sean Moore reported that the creation of a credit-by-exam area has been requested for the COR in CurricUNET.
- b) The pending update of the COR review timelines for both 2-year and 6-year and identify CORs requiring review during Spring 2021.
- c) Transferable courses are valid for 5 years and these CORs require review to adhere to articulation compliance guidelines. A list of these courses will be provided during our 3-15-21 meeting.

- d) Admissions is refining a process so students may apply for credit for prior learning according to the revised BP and AR 4235. Sean will bring the BP and AR to the next committee meeting for clarification.
- e) Sean attended the Dream 2021 Achieving the Dream Annual Convening on February 16–19, 2021.

8. Discussion Items:

- a) Sean Moore noted that he was unable to find a GE area for History 114. Kendahl Radcliffe reported that we will offer the course in spring 2022. Sean noted that if it will be included in the GE requirement, the course must go through the review process. Melain McIntosh noted that this is an approved course brought over from El Camino, and that perhaps we could use this to streamline the process.
- b) Hoa Pham mentioned that her dean requested that all faculty must review courses that are no longer being offered for possible deactivation. She noted her understanding that it is difficult to reactivate a course, and wondered if it was better to leave the course in place and just not offer it. Sheri Berger said that it is indeed difficult to bring a course back and requires advance planning. English is the only discipline that has submitted courses for inactivation, but she plans to encourage other departments to address this.

Charles Hobbs made a motion to adjourn at 3:30. Hoa Pham seconded. Approved.
