

Academic Senate Agenda

President: Amber Gillis

Secretary: Nikki Williams

Date: August 30, 2018

Time: 1:00-2:30pm

Location: Boardroom

Vision

Compton College will be the leading institution of student learning and success in higher education.

Mission Statement

Compton College is a welcoming environment where the diversity of our students is supported to pursue and attain academic and professional excellence. Compton College promotes solutions to challenges, utilizes the latest techniques for preparing the workforce and provides clear pathways for transfer, completion and lifelong learning.

Accreditation Standards

This division meeting aligns to the following:

- 1.B.1. The institution demonstrates a sustained, substantive and collegial dialog about student outcomes, student equity, academic quality, institutional effectiveness, and continuous improvement of student learning and achievement.
- 2.A.16. The institution regularly evaluates and improves the quality and currency of all instructional programs offered in the name of the institution, including collegiate, pre-collegiate, career-technical, and continuing and community education courses and programs, regardless of delivery mode or location. The institution systematically strives to improve programs and courses to enhance learning outcomes and achievement for students.

The Next Scheduled Meeting

September 6, 2018

1:00pm / Board room

**COMPTON COMMUNITY COLLEGE DISTRICT
BOARD OF TRUSTEES POLICIES**

**BP 2520 Academic Senate
2015**

Issued: May 19,

Reference:

Education Code Section 70902(b)(7);
Title 5, Sections 53200 et seq
Accreditation Standard IV.A
Board Policy 2510 Participation in Local Decision Making

The Academic Senate is organized under the provisions of the California Code of Regulations, Title 5, shall represent the faculty and make recommendations to the administration and to the Board with respect to academic and professional matters, so long as the exercise of such functions does not conflict with the lawful collective bargaining agreement.

The Board or its designee will consult collegially with the Academic Senate when adopting policies and procedures. The Board will rely primarily on faculty expertise on academic and professional matters as defined by Sub-Chapter 2, Section 53200, et seq., California Administrative Code, Title 5, and as listed below:

1. Curriculum, including establishing prerequisites and placing courses within disciplines;
2. Degree and certificate requirements;
3. Grading policies;
4. Educational program development;
5. Standards and policies regarding student preparation and success;
6. District and College governance structures as related to faculty roles;
7. Faculty roles and involvement in accreditation process, including self-study and annual reports;
8. Policies for faculty professional development activities;
9. Processes for program review;
10. Processes for institutional planning and budget development, and
11. Other academic and professional matters as mutually agreed upon between the Board of Trustees and the Academic Senate.

The Academic Senates' organization, membership functions and committee structure shall be developed by the Academic Senate.

- I. **CALL TO ORDER** – Paul Flor 1:05 p.m.
- II. **APPROVAL OF AGENDA** – Halligan/Evans- Approved
- III. **APPROVAL OF MINUTES** – Schwitkis/Roeun - Approved

IV. **REPORTS**

President's Report- Paul Flor reporting.

- Flor sent an email to everyone to encourage you to apply for the scholarship for the Faculty Leadership Institute. It is in San Diego June 14-16. He would like to encourage full and part time faculty to apply.
- Academic Awards Tea is Sunday, May 20, 2018 at 3pm in the Student Lounge. He urges everyone to attend.
- Flor stated that it is now time for him to step down and pass the gavel to the new senate president Amber Gillis.

Vice President- Christopher Halligan reporting.

- College Council- El Camino is raising their student fees from \$10 to \$15. This is the first time they have raised the fees in 20 years. Compton College student fees will remain the same. Irene Graff is doing some interesting work with Institutional

Research, Governance Progress Reports and their IEPI Plan. El Camino just did their campus climate survey and only 40% of their employees completed it.

- FAAAC- Only 20% of the budget will be performance based. We have a few years before this is put into place. We need to make sure that we are on top of this. We have all done some great, hard work that we should be proud of. Flor asked if FAAAC has any endorsements for the upcoming elections. Halligan has all of the endorsements in his office and is happy to send them forward. He stated that the most important one is the gubernatorial race and FAAAC is endorsing Gavin Newsome.
- **Board Representative** – Jerome Evans reporting.
Acknowledged Ruth Roach for the wonderful work she does with Voices of Compton. This is the 90th anniversary edition. This has been done since 2008 and shows the caliber of faculty that work at Compton.

Accreditation: Amber Gillis reporting.

- No report

V. ACTION ITEMS-UNFINISHED BUSINESS

- Flor asked if there are any comments or questions about the BP and AR that we looked at during the last meeting. Schwitkis/Halligan- Motion to approve the BP and AR. Vote was taken and the motion passes.

VI. NEW BUSINESS

- Halligan- We have senate elections to complete. We have an adjunct position that is open. Judy Crozier nominated Toumik Assatoorian. He spoke a bit about himself. He was elected by proclamation.
- Vice President of Academic Senate- Halligan/Williams nominated Jesse Mills for the position of Vice President. Halligan spoke a bit about Mills and his qualifications. Mills was elected as Vice President of Senate by proclamation.
- Curriculum Representative- We will table the position for Curriculum Representative until the fall 2018 to discuss changing the by-laws and see if we are going to elect more representatives. Motion to table the election by Schwitkis/Evans.
- Halligan asked about having more at-large senator positions. Flor discussed the positions that we have and how we can revisit this in fall 2018.
- Tenured Faculty were recognized- Dr. Kent Schwitkis, Dr. Jesse Mills, Dr. Rajinder Sidhu, Dr. Sevana Khodagholian, Pamela Richardson, Gerson Valle, Judith Crozier, Dr. Malinni Roeun, Dr. Valerie Woodward, and Vanessa Madrid.
- Retiree recognition
 - Carmela Aguilar- Halligan read the resolution to Aguilar and Flor read a statement on her behalf since she was not in attendance.
 - Celia Arroyo- Halligan read the resolution to Arroyo. Arroyo spoke and became emotional discussing the amount of pride she has working here.
 - Shemiran Lazar- Halligan read the resolution to Lazar. Lazar spoke a few words about how she considers Compton College her home and how she was embraced here at Compton College.

- Jose Villalobos recognized 2 math students who successfully completed the entire sequence of math from basic math to upper level calculus. Jose Gonzalez is a civil engineering major who has committed to Cal-Poly Pomona and Enrique Guzman is a math major transferring to Cal State Dominguez.
- Christopher Halligan was presented with a resolution for his years of service on Academic Senate. Halligan spoke a few words and stated that it has been a long road and he can say that he has worked under 3 presidents during his time on Academic Senate. He feels really good about our accreditation and the faculty who serve the college. He is proud to have contributed to that in a small way.
- Paul Flor was presented with a resolution for his service as Academic Senate president. Flor spoke and stated that he feels like he followed a lineage of strong past presidents. We need to keep the Academic Senate focused on its 10+1 purview and would like for Senate and Union to work together even if we do not agree on all matters.
- Bailey Smith spoke about Student Equity and would like to thank us for all of the help and support that the faculty give to making sure that students participate. Student Equity is looking for faculty to join the Tartar support network.

VIII. Events/Meetings

•

MOTION TO ADJOURN – Approved – 1:50 p.m.

Administrative Procedures 4050

Articulation

Compton College adheres to the *Handbook of California Articulation Policies and Procedures* developed by the California Intersegmental Articulation Council and the procedures established by the College Curriculum Committee for articulation.

The articulation officer establishes partnerships with four-year university faculty and staff to develop agreements to assist students with the transition from a community college to a university. The articulation process is to ensure course applicability for general transferability, general education, and major requirements for those community college courses that the university has agreed to accept as being comparable or accepted in lieu of the university courses. The articulation agreements are separated into the following categories:

- California State University (CSU) Baccalaureate List
University of California Transfer Course Agreement (TCA) Private and Independent Agreements
- Out of State University Agreements
- General Education for Intersegmental General Education Transfer Curriculum (IGETC) and CSU General Education Breadth
- Course to Course Agreements
- Lower Division Major Preparation Agreements

The agreements are valid for a specific academic year. Any changes to the agreement, course curriculum, units, prerequisites, or substantive changes are sent to the articulation officers at the universities, University of California Office of the President, CSU Chancellor's Office, ASSIST Database, and California Community College articulation officers.

The articulation officer, along with instructional faculty and staff, facilitate the process of developing articulation agreements with local high schools and occupational centers. Articulated courses, where the faculty in the appropriate discipline have determined courses are comparable to Compton College courses, may be accepted in lieu of community college courses to satisfy requirements for a certificate or associate degree program. Compton College follows the procedures within Board Policy 4235, *Credit by Examination*, for the student to receive college credit for the course and for the credit to be denoted on the transcript.

Reference:

Title 5, Section 51022(b);
Accreditation Standard II.A.6.a;
Education Code section 66720-66744.
3/15/10, 2/17/15

The purpose of credit by examination is to allow a student to gain credit for a specific course by demonstrating mastery of the course content, objectives, and outcomes as listed in the college catalog and on Course Outlines of Record.

Faculty who normally teach the course, in consultation with the appropriate Dean, shall determine how courses are selected and those courses eligible for credit by examination. Courses eligible for credit by examination shall be listed in the college catalog.

Credit by examination may be obtained by one of the following methods:

- Credit by satisfactory completion of an examination administered by the college in lieu of completion of a course listed in the college catalog.
- Achievement of a score of three (3) or higher on an Advanced Placement Examination administered by the College Entrance Examination Board. Faculty in the discipline will determine the tests and scores applicable for local degree credit. The tests and scores will be published in the college catalog.
- Achievement of an examination administered by other agencies approved by the college.

Eligibility Requirements

1. A student must have completed 12 semester units at Compton College with a minimum grade point average of 2.00 and be in good standing at the time the credit is granted. However, students enrolling in or enrolled at Compton College may be allowed to take the examination at any time, even though credit will not be granted until 12 semester units have been completed.
2. Students shall only be allowed to petition to receive credit by examination one time per course. Students may not petition for credit examination for a course in which they have previously enrolled and received a grade, unless statutorily required to renew a license or certification required by State or Federal governments.
3. Students may not petition for credit by examination for a course in which they have been enrolled after the first two weeks of a semester, except under special circumstances as determined by the dean and faculty who normally teach the course.
4. Students must petition for credit by examination no later than the middle of the term except under special circumstances as determined by the dean and faculty who normally teach the course.

5. Only those courses listed in the catalog and approved for credit by examination at the time of the petition shall be available to students for such credit.
6. Credit is not available for any course that is lower in a sequence than a course for which credit has already granted, except under special circumstances determined by the dean and faculty who normally teach the course.
7. The maximum amount of credit by examination permissible shall not exceed 15 semester units, including not more than 50% of the credit required for the major subject field.

Fee Requirements

A processing fee will be charged to petition for credit by examination. The amount of the fee will be established by the Admissions Office. The amount of the fee cannot exceed the enrollment fee associated with enrollment in the course for which the student seeks credit by examination. Students involved in high school or occupational center articulated programs will be exempted from paying this fee.

Procedure for Earning Credit by Examination

Students shall complete a petition for credit by examination and submit it to the Admissions Office along with satisfactory evidence of knowledge, skills or experience. Students shall be provided with a copy of the pertinent Course Outline of Record to aid them in making the decision of whether or not to petition and attempt credit by examination.

The Admissions Office shall forward petitions, with supporting documentation, to the respective dean of the academic division concerned. The dean, in consultation with faculty who normally teach the course, shall determine the eligibility of the student for such an examination. Approved petitions must demonstrate that the knowledge, skills, and/or experiences gained outside the regular college curriculum are compatible with the course content, objectives, and outcomes for which credit is requested.

If the petition is approved, the nature and content of the examination shall be determined solely by faculty in the discipline who normally teach the course for which credit is to be granted. The faculty shall determine that the examination adequately measures mastery of the course content, objectives, and outcomes as set forth in the Course Outline of Record.

Subject matter mastery and/or skills proficiency, as stated in the objectives and outcomes of the Course Outline of Record, may be established by written examination, portfolio, skills demonstration or combination thereof. The faculty may accept an examination conducted at a location other than the community college. The examination may be offered in more than one session and/or format. The examination must measure proficiency at the level expected of students who have successfully completed the course at Compton College. The academic division chair or dean shall notify the student of the examination arrangements.

Grading shall be according to the regular grading system used by the college, including a “pass-no pass” option if that option is ordinarily available for the course.

If credit is granted and all eligibility requirements have been met, the student's academic record shall be clearly annotated to reflect that credit was earned by examination. The Admissions Office shall retain a copy of the petition and notify the student of the results.

Restrictions on Units Earned through Credit by Examination

Units earned by credit by examination shall not be counted in determining the 12 semester hours of credit in residence required for an associate degree. The maximum amount of credit by examination permissible shall not exceed 15 semester units, including not more than 50% of the credit required for the major subject field. Units earned by examination are not to be considered part of the student's unit load. Credits acquired by examination are not applicable to meeting of such unit and requirements as Selective Service deferment and Veteran's or Social Security benefits and shall not be considered in verifying eligibility for athletics or student government.

References:

Title 5 section 55050

The Academic Senate for California Community Colleges, "Awarding Credit Where Credit is Due," Spring 2014.

Compton College grants credit for successful completion of United States Armed Forces courses as recommended by the American Council on Education in the *Guide to the Evaluation of Educational Experiences in the Armed Services*. Whenever possible, military credit will be used for the fulfillment of general education, major coursework, and other degree requirements.

The Nursing Program shall offer credit for military experience and course work according to the *California Registered Nurses Licensure Qualifications for Persons Serving in Medical Corps of Armed Services* established by the Board of Registered Nursing. The Nursing Program will comply with the requirements of California Senate Bill 466. Procedures for the military challenge for advanced placement into the Nursing Program shall be published in the college catalog and on the Nursing Program webpage.

Veterans may also petition to receive credit by examination for military courses, experiences, and training. The procedures by which veterans may receive credit by demonstrating mastery of course content, objectives, and outcomes through examinations established by discipline faculty are described in Administrative Procedure 4235 Credit by Examination. College Level Examination Program (CLEP) credit will be accepted when it is included on the American Council on Education transcript.

The experience of the veteran will be reviewed and any appropriate Compton College credit granted. Specifics related to the process of granting credit for military service will be published in the college catalog and posted on the Admissions and Records Office webpage. Once Compton College reviews and awards credit, it will become part of the veteran's permanent record. Credit for military service will be awarded after completion of one semester of attendance at Compton College. Students should meet with a counselor to determine whether or not the units will transfer to a four-year institution.
